Hello Ida,

Per our conversation attached is a list of placement and staffing agencies with which WISE currently has participants. Included in this list is a contact phone number and the name of a contact person.

Also, attached is the list of participant with who were affected by what we deemed a falsified job offer issue in California. Some of the participants are listed as Denied by US Consulate. Because they were denied prior to WISE deciding to withdraw sponsorship we have left them in this status category. All of the other participants had their sponsorship withdrawn. One of these participants, [REDACTED] is not eligible to come back on the program due to allegations of threatening the three participants in San Diego.

B6

Below is the list of employers that WISE works with in which to place the withdrawn students. There are a total of 27 jobs available
